

Clément Aupiais.

senior product designer.

Experiences.

Senior Product Designer @Algolia

November 2018 to Today

As a Product Designer, I worked for 4 years with several teams within the Algolia organisation. Producing quality user experience with talented teams of developers.

I'm also leading the Design system of the Algolia Products

Product Designer @Qwant

October 2017 to October 2018

In a product design team, I worked on many R&D projects as a Product Designer. I also made a major contribution to the redesign of the flagship product: Qwant Search.

Freelance Designer @BeatMe

December 2016 to September 2017

With the BeatMe team, we collaborated to create the first design of the application, a new branding and built the design process of the company.

UI/UX Design Intern @Startup Palace

March 2017 to August 2017

I redesigned the company's websites. I also worked on several agency projects.

UI/UX Design Intern @Sportlabs

September 2015 to February 2016

I worked at Sportlabs, in London, designing websites and mobile services.
